

## SawStop Saws & Components

Update Oct 2023  
New Items

**SAWSTOP PATENTED SAFETY SYSTEM:** Stops a spinning blade on contact with skin. The blade stops in less than 5 milliseconds and drops below the table, minimizing a potentially life-altering injury to a mere scratch. All saws use a 10" blade. See next page for separate components / add-ons.

### Industrial Cabinet Saw

SawStop's heaviest, most powerful and highest-quality 10" cabinet saw available. The 3HP and 5HP models, 1ph, 230V configuration with a 52" Industrial T-Glide Fence Assembly offers the durability, versatility, and the peace of mind only SawStop's patented safety system can provide.

## Mobile Bases & Stands

### Mobile Bases

- Three quick pumps of the foot pedal raises the saw
- Four 360° ball bearing casters allow the saw to easily move in any direction
- Hydraulic piston assist lift

Ideal for industrial environments as well as home shops or garages, these Industrial Mobile bases were engineered to easily move the Industrial Cabinet Saw and Professional Cabinet Saw with ease. Features 1000 lb capacity, high performance hydraulic lift, and 4 industrial 360° casters.

<u>Code</u>	<u>Description</u>	<u>Net/ea</u>
MB-PCS-IND	Mobile Base for Professional Cabinet Saw	\$ 449
MB-IND-000	Mobile Base for Industrial Saw	429

### Folding Stand for Compact Table Saw

Provides a steady work surface for the Compact Table Saw. Includes wide footing and non-skid rubber feet for stability. Lightweight, and folds down flat for easy transport and storage. Ergonomic brackets make it easy to lock your saw into place.

<u>Code</u>	<u>Description</u>	<u>Net/ea</u>
CTS-FS	Compact Table Saw Folding Stand	\$ 129

### Sliding Crosscut Table Attachment

TSA-SA48

**\$ 1399**

The Sliding Crosscut Table features multiple large bearings for smooth travel under load and a user adjustable fence with rotation up to +60 degrees with positive detents at 15-degree intervals. Simply adjust the fence proximity to the blade for reliable material support, and easily add a sacrificial fence for zero clearance operation. Choose from two mounting positions for 36" or 48" crosscut capacity.

#### Includes:

- Extruded Aluminum Fence
- Two Flip Stops
- Oversized miter gauge with miter detents at 15° intervals
- Adjustable leveling feet

Depth: 47-1/4", Travel: 55",  
Crosscut Capacity: 48"

#### Compatible with:

All Sawstop cast iron saws and all mobile bases.

TSA-FOT

TSA-ODC

TSG-FDC

### Folding Outfeed Table

TSA-FOT

**\$ 429**

Engineered from steel for maximum carrying capacity, the outfeed table is sized to match the width of your cast iron table and wings. Designed for easy adjustability and maximum glide, with strategically-placed rollers for smooth operation. Compatible with all SawStop Cast Iron Table Saw mobile bases, the Folding Outfeed Table quickly stows for an easy move.

#### Features:

- Powder coated steel construction
- Stamped steel support plate
- Three roller bars
- 250 lb capacity
- Adjustable leveling feet

#### Compatible with:

All Sawstop mobile bases.

## Dust Collection

### Floating Overarm Dust Collection Guard **\$ 549**

#### TSG-FDC Includes:

- 4" Swinging Dust Tube
- Adjustable Blade Guard

#### Compatible with:

TSA-SA48	MB-IND-000
TSA-FOT	MB-PCS-IND

Heavy-duty overarm designed to provide operator protection while removing table-top dust in both standard and non-through cuts. The transparent blade cover is engineered to lift easily for quick blade access, and the rigid steel overarm swings smoothly away and back into operating position.

### Overarm Dust Collection Assembly **\$ 299**

#### TSA-ODC Includes:

- 1-1/2" dia dust tube
- Y into 4" collection port

#### Compatible with:

TSA-SA48	MB-IND-000
TSA-FOT	MB-PCS-IND

Pair the Overarm Dust Collection with the Dust Collection Blade Guard for easy, reliable dust management that captures 99% of dust. Rubberized collar easily fits your DC Guard, and routes dust past the end of your extension table before joining your saw's 4" collection port for extraction.

## Brake Cartridges

Stops the spinning blade on contact with skin reducing the chances of a catastrophic injury.

### **TSBC-10R3 \$ 99**

Standard Brake Cartridge  
For use with 10" Blades.

### **TSDC-8R3 \$ 119**

Dado Brake Cartridge  
For use with 8" Dado Blades.

## Inserts

Zero clearance for accurate cuts and reduced tear-out.  
Compatible with ICS/PCS/CNS Saws only.

### **TSI-SLD \$ 59**

Standard Lock Down Insert  
for 10" Blades.

### **TSI-DLD \$ 59**

Dado Lock Down Insert for  
8" Dado Blades.

## Blades

### Titanium Series

### **BTS-R-40ATB \$ 89**

10" 40-Tooth Blade

A multi-purpose blade  
for both rips and cross  
cuts on soft and hard  
woods.

### **BTS-P-80HATB \$ 119**

10" 80-Tooth Blade

Cuts plywood, melamine  
and MDF. Crosscuts hard  
woods when a clean cut  
is required.

### Carbide Tipped

### **CNS-07-148 \$ 49**

10" 40-Tooth Blade

Everyday blade for  
rips on a variety of  
woods.

### **CNS-07-246 \$ 59**

10" 60-Tooth Blade

For precision cross  
cuts on soft and  
hard woods.

### Dado Blade Set

### **BTS-DS8-2402 \$ 299**

8" Premium Dado Set

Precision flat-ground chippers  
for dead flat dado bottoms.  
Includes: (2) 24-tooth blades,  
(5) 4-tooth chippers,  
(6) shims.
