Dynorbital Extreme Random Orbital Sanders

**Quiet - 73 dBA
vs 80 dBA**

Dynabrade's most refined random orbital sander to date, it boasts the greatest power and most consistent speed of any palm-style sander. Ergonomic features keep operators safe and comfortable and symmetrical design allows for left or right-handed operators. American-made from the highest grade materials for long-life and high durability.

All stocking sanders are non-vacuum, 12000 rpm and have 0.3 hp (224 W) Vacuum and Hook & Loop sanders available special order.

Features

1. Recessed Throttle Lever
2. Integrated Comfort Platform
3. Comfort Grip
4. Weight-mated Sanding Pad

Benefit

- Eliminates pressure point on palm
- Provides ergonomic comfort
- Tactile, ambidextrous design
- For reduced vibration and consistent finishes

Extreme Power

- New motor design has the highest power-to-weight ratio in the industry, with 0.3 hp at 1.8 lbs.
- Most consistent speed under load, running at 92% of rated tool speed
- New rotor design enhances power with less friction

Extreme Comfort

- Ergonomic design with integrated comfort platform for more wrist support and overall operator comfort
- Soft grip co-molded to rigid composite base housing for max comfort
- Recessed throttle lever eliminates pinch and pressure points on palm

Extreme Performance

- Achieve consistent, superior finishes in less time
- Premium sanding pad is weight-mated for the lowest vibration levels
- Made from the highest quality materials for extreme durability and longevity

	Code	Diameter	Pad Type	Orbit Dia.	Power	Weight	Length	List/ea
	X51	5" (127mm)	PSA	3/16" (5mm)	0.3 hp (224W)	1.78 lbs.	6.9" (176mm)	\$ 317.03
	X52	5" (127mm)	PSA	3/32" (2.5mm)	0.3 hp (224W)	1.74 lbs.	6.9" (176mm)	\$ 317.03
	X61	6" (152mm)	PSA	3/16" (5mm)	0.3 hp (224W)	1.86 lbs.	7.4" (188mm)	\$ 317.03
