**SUPPORT BRACKETS****GRANITE COUNTER SUPPORTS**

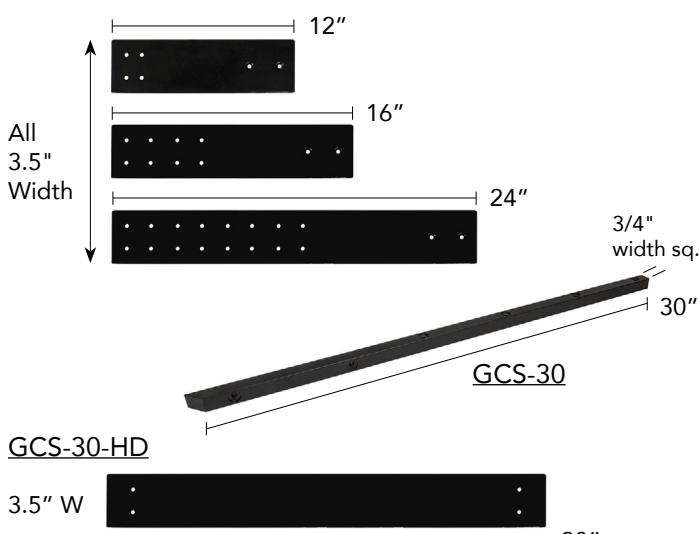

Rockford Process Control

Granite Counter Support

Brackets support the overhang on Granite top Islands and bars without corbels or other visible support.

A pair of brackets support up to 300 lbs. when mounted correctly. Heavy Duty brackets will support up to 500 lbs. Drilled for countersunk screws up to #14 flat head. Material: Plate Steel, Black finish. 3.5" Widths and 12", 16", 24" and 30" lengths.

GCS-12 thru 24, GCS-12-HD thru 24-HD**Installation**

Attach support studs to the top of cabinets at the back panel and where the end of the support bracket falls. Rout a dado so bracket is flush with bottom of countertop and top of stud. Attach bracket to studs using min of four screws with a 1.5" min length. A min of 1/3 of the bracket must be mounted inside the cabinet. The countertop must rest on the Support Bracket. Brackets should be mounted every 16". Overhang beyond the Bracket should not exceed 6". Check with the counter manufacturer for their overhang recommendations. Apply adhesive to both the counter top and the Support Bracket when mounting the counter top.

Code	Description	Thk	List/ea

SPEEDBRACE T-BRACE

FastCap

Fastcap T-Brace is the perfect way to create the illusion of a free floating shelf that is strong enough to support over 300 lbs. per pair. Ideal for new construction, but can be used in a remodeling application when an access hole is cut in the drywall for attachment.

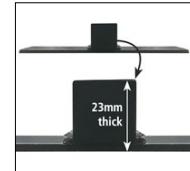

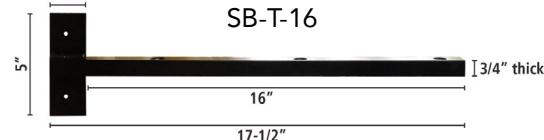

Black finish, 5" x 3/4" thick.
Available in 11" and 16" lengths.

Features

- 1/4" to 3/8" steel
- Mounting holes on both sides
- 300 lb. capacity per pair

Great For

- Floating shelf
- Floating mantels

SB-T-11**SB-T-16**

KV 206 FOLDING L-BRACKET

Heavy Duty

- For 12" to 24" Deep shelving
- Can be mounted to any type of wall
- Adjustable to 4 positons: 90°, 80°, 70°, and 0° (closed position)
- Durable zinc-coated steel construction with spring-loaded release lever
- Exceeds BHMA static load testing requirements
- Load Rating: 12" - Up to 770 lbs/pr
16" - Up to 880 lbs/pr

These sturdy folding L-brackets allow you to create a worksurface that can be quickly folded out of the way when no longer needed. The KV 206 bracket's convenient one-hand release mechanism makes the bracket easy-to-open, close, or adjust without the danger of getting hands caught in a folding crossbar.

High Gloss Custom Door & Drawer Fronts

LUXE is an advanced decorative panel with a high gloss finish on one face, while the back is a matching decorative matte melamine in the same design.

- 3/4" MDF Core
- High Gloss Polyester Front / Matte Back
- Two Edgebanding options (solid and bi-color)
- Separate edgebanding & boards available

This product is more durable than alternative products; highlighting its scratch-resistance, surface quality, high brightness as well as light stability towards colors.

These qualities make it well suited for vertical applications in kitchen, bathroom, office and home furniture.

14

The LUXE manufacturing process allows solid colors plus a wide range of designs, such as wood, marble, stone, fantasy etc. This makes LUXE a highly versatile and decorative product.

Can be supplied in panels or in edged pieces. For this last option, LIOHER uses PUR technology in order to offer its product the finish according to its quality.

Supermatt High Resistance Surface Door & Drawer Fronts

Beauty is not always delicate - meet the toughest matte design boards. In contrast to the Luxe lacquered panels, Zenit offers a deep, super matte finished panel with a silky soft feel and excellent resistance to abrasion. Recommended for use in the manufacture of all kinds of furniture and decorative products.

The Zenit collection comes in a complete range of solid colors, with or without metallic particles (Supermatt or MetalDeco), and elegant designs such as the marbles. These designs provide a more subtle, yet sleek look for modern kitchens, bath and home furniture as well as in interior design and commercial projects.

NORTHERN CONTOURS Cabinet Doors and Drawers cont.

LEVEL Doors and Drawer Fronts

For fresh modern designs, look no further than LEVEL, a series of flat laminated and edgebanded doors. Ultra high gloss acrylic, heavily textured melamine and the latest in linear and matte thermofoils along with 4 different edgebanding options offer you endless design combinations.

Go to www.northerncontours.com for a full materials listing.

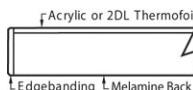

3DL Thermofoil

Thermofoil on the face with a melamine back. ABS/PVC edgebanding options include Matching, 3D Aluminum, or Steel Gloss.

Entire thermofoil line of accessories is available including frame doors, mouldings, valances, fillers, overlays, Norlam, PSA and cut to size panels in various thicknesses.

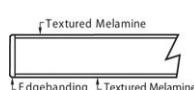

Acrylic and Wired

Ultra high gloss acrylic on the face with a melamine back. ABS edgebanding options include Matching, 3D Aluminum, Steel Gloss, or 2-Part (on White, Black, Ruby Red, Glass Green and Dark Grey).

Accessories are limited to overlays, cut to size panels, Norlam and PSA.

Impressions

Textured melamine on the face and back. ABS edgebanding options include Matching, 3D Aluminum, or Steel Gloss.

Entire thermofoil line of accessories is available including frame doors, mouldings, valances, fillers, overlays, Norlam, PSA and cut to size panels in various thicknesses.

8' Lengths
10 each/ctn.
Full Cartons only

Grooved

APPLE PLY QUALITY SELLS:

When people inspect a piece of furniture or cabinetry, the first thing they often do is open a drawer. Real Wood stands out; in a world of vinyl wraps, the demand for real wood products has never been greater. ApplePly sides take screws easily and accept the better quality slides. Clear UV finish on White Maple looks great, stays hard and resists water and household spills.

BULLNOSE EDGE

9-PLY MAPLE, 1/2" THICKNESS, 8' LENGTH
