RV-DM17-KIT

- Fits all HPRV/HRV Hampers
- Fits all 5CW2 Series Cookware Organizers
- Allows cabinet door to be installed easily
- Six-way adjustable bracket
- Includes a complete set of brackets, fasteners and spacers for installation
- Eliminates the need for a sub door panel

Spacers allow custom installation onto any door style. Door brackets can be faced in or out to ensure mounting to the thick portion of your cabinet door.

The door mount bracket flange is designed to be able to overlay the face frame of a cabinet. Once installed, the material thickness of 1/8" is less than any standard "bumper pad". Thus, it will not make contact or otherwise interfere with the front of the face frame.

Includes all brackets and fasteners needed for one door. Available in White or Silver.

Determine Mounting Height

Identify your desired ironing board height (typical ironing board is 35" to 36" high). Then subtract the number below based on the length of your model's ironing board to determine mounting height. For adjustable swivel models, take into consideration the adjusted position of your ironing board, which is 4" higher than the normal default position.

**46" Boards: 11"**

Ex: Desired Height 35" - 11" = 24"

Mounting Height

**42" Boards: 7"**
