## RAPID ASSEMBLY MACHINES

### PREMIUM PRODUCT RAPID ASSEMBLY

The TECMATOR series of manual and pneumatic drawer press machines are designed to assemble our premium Nova Pro Scala drawer boxes in 10 seconds or less. The Nova Pro Scala double-wall drawer system brings timeless elegance, rapid assembly, and cost controls to the residential and commercial construction markets. The Tecmator and Nova Pro Scala combination allows cabinet manufacturers to create beautiful, distinctive kitchens, closets, and baths to match any decor, in record time. Grass offers three tiers of Tecmator to match your businesses' scale.
