KEY RMH SALES POINTS

- ➔ As with all Rocky Mountain Hardware, the RMH Express offering is made to order in Southern Idaho.
- ➔ Using Old-World casting techniques, each piece touches no less than 30 hands, undergoing a rigorous 20-plus-step process, starting as an ingot of bronze and ending with a hand applied finish, assembly and testing.
- ➔ Rocky Mountain sources only the highest quality bronze alloys which contain 100% recycled content, 90% of which is post-consumer.
- ➔ Rocky Mountain stands behind every product we make with a lifetime guarantee on all bronze parts and 50-year guarantee on all mechanisms.

How to Order:

- RMH Express orders may only be placed via SalesNet, at www.rockymountainhardware.biz.
→ No emailed or faxed orders will be accepted.
- The following steps outline how to place an RMH Express order:
 1. Login to your SalesNet account.
 2. Select “Create Order” under “Order Entry/Tracking”, in left hand navigation field.

3. Select the "RMHExpress" button at the top of the order header. Once the header information is complete, click "Save".

The screenshot shows a web-based order header form. At the top, there is a navigation bar with tabs for "Online Quote No: Pending", "Order", and "Quote". Below this, a red circle highlights the "RMH Express" button in the top navigation area. The form is divided into several sections: "Order Date" (9/3/2020), "Date Wanted*" (10/29/2020), "Rush" (checked), "SalesRep", "Owners" (jblomquist), "PO#*", "Order#", "Printed" (checked), and "Discount". The "Bill to" section includes "Address", "Phone", "Fax", "E-mail*" (highlighted with a red circle), "Acct#", "Terms", and "Exported". The "Select Ship to" section includes "Ship to", "Address", "Customer", "Customer Info", "Customer Discount", and "Ship via". At the bottom, there are buttons for "Save Order Header", "Delete Order", "Credit Card Info", "Duplicate Order", and "Export Order for VE". A red asterisk indicates required fields.

4. After the header has been filled out and saved, only products available in the RMH Express offering will be shown as available options.

5. To begin, select your function. Each function will begin with an “X”: XPA, XPR, XEN, XDB, XDU, XFP, XBHNG, XDA.
6. Once you’ve selected your function, continue with the rest of your RMH Express selections, then click “Submit Order” when your order is complete.
7. Your RMH Express order will ship within 10 business days, from your Order Acknowledgement date.

Note: RMH Express orders will only be accepted for products within the offering. A separate order must be placed for any additional items outside the RMH Express program.

Contact your Regional
Rocky Mountain Hardware
Sales Representative to schedule a
presentation or for additional details.
